We require you to come up with a responsive HTML markup for the attached design.

- **Needs to be responsive**
    You can use a responsive framework like Bootstrap/Foundation.

- **Needs to be mobile-first**
    Your base CSS should be for mobile and style override for the rest.

- **Instructions are spelled out in the spec PDF**
    You'll find the instructions as comments in the PDF under **'spec'** folder.

- **Design mockups under the 'screenshots' folder**
